

Eligibility rules for Trophies, Points and Jack Cox

1. Saturday & Sunday series are considered separately. That is, a swimmer can't qualify for a Sunday series by virtue of his/her swims in a Saturday series, and vice-versa.
2. Winter series
A swimmer gains eligibility for points/trophies in a Winter series on his/her 5th swim having had 4 recorded swims aggregated across the current series and that part of the previous summer series falling on or after the 1 January.
3. Summer series
 - a) Between start of summer series (October) and end December. A swimmer gains eligibility for points/trophies in this part of a Summer series on his/her 5th swim having had 4 recorded swims aggregated across the current series, the previous Winter series and those races in the previous Summer series falling on or after 1 January.
 - b) Between January and end summer series (April/May). A swimmer gains eligibility for points/trophies in this part of a Summer series on his/her 5th swim by having had 4 recorded swims in the current series.

4. Race Suits and Race shorts
Swimmers are allowed to wear race suits (e.g. TYR men's Jammers and Blue Seventy One piece suits) in all Sunday Balmoral Beach Club Swims however racers will only be eligible for championship points if they are wearing traditional Speedo style swimwear. Swimmers in race suits or wetsuits will not be eligible for series points however they will be eligible for the handicap pointscore.

Swimmers will not be eligible for more than one handicap race point and the day's trophy unless they have raced in the race suits/shorts in 4 of the last 6 races before the event being contested.

All swimmers who swim in a race in a race suit or shorts will be required to advise the handicapper and your handicap will be monitored for reissue during those swims. At the end of your 4th race in a race suit or shorts a new handicap will be issued and the handicap sheets will be marked with an "RS" besides your name.

If you wish to return to swimming without a race suit or shorts your handicap will be adjusted back to your non race suit/shorts handicap.

5. Jack Cox
 - a) A swimmer gains eligibility to be the Jack Cox winner if the Jack Cox is his/her 5th or subsequent recorded swim from beginning January in the Sunday Summer Series. That is, the swimmer must have had 4 recorded swims in the Sunday Summer series since beginning January prior to the Jack Cox event.

Eligibility in all cases is conferred on the 5th race.
